Description	CC-03
Applicable optical fiber	Silica optical fiber
Fiber count	Up to 12
Cladding diameter	125 μm
Cleaving length	9-20mm
Cleaving angle	Typical 0.6 degrees
Blade life	48000
Dimensions	85(W)*75(D)*45(H)mm
Weight	138g

① Small and lightweight, one-step fiber cleaver

② Easy rotation blade, fast and convenient

③ Automatic one-step press back to complete cutting

④ Ergonomic design to relieve hand fatigue
